    <h1 style="color: blue;"><u>Art_Gallery</u></h1><!--Used for giving heading-->
    <!--img src is used to give  
image in the code-->

<p><b><u>Art galleries</u></b></p> are the primary connection between <b>artists</b> and <b>collectors</b>. At the high end of the market, a handful of elite auction houses and dealers sell the <b>work of celebrity artists</b>; at the low end artists sell their work from their studio, or in informal venues such as restaurants.</p><!-- p here is used for giving paragraph and u for underlining a text--><hr><!--hr here refers to horizontal rule-->

## Terminalogies of art galleries

<p>The terms <b>'art museum' and 'art gallery'</b> may be used interchangeably as reflected in the names of <i>institutions</i> around the world, some of which are called galleries (e.g. the National Gallery and Neue Nationalgalerie), and some of which are called museums (e.g. the Museum of Modern Art and National Museum of Western Art). However, <br>establishments that display art for other purposes, but serve no museum functions, are only called art galleries.</p><!-- Here b tag is used to bold the text and i tag is used to give the text in italics and br stands for break--><hr><!--Here again p and hr is used which are described above -->

## Art Gallery

**Art galleries** are the primary connection between **artists** and **collectors**. At the high end of the market, a handful of elite auction houses and dealers sell the **work of celebrity artists**; at the low end artists sell their work from their studio, or in informal venues such as restaurants.

### **Terminologies of art galleries**

The terms '**art museum**' and '**art gallery**' may be used interchangeably as reflected in the names of *institutions* around the world, some of which are called galleries (e.g. the National Gallery and Neue Nationalgalerie), and some of which are called museums (e.g. the Museum of Modern Art and National Museum of Western Art). However, establishments that display art for other purposes, but serve no museum functions, are only called art galleries.

### Artworks
